

## CONSTRUCTION INSPECTOR, WEST POINT, NEW YORK

---

MJ is seeking a full-time Construction Inspector with a minimum of 5-7 years of construction related experience. This position provides for comprehensive Construction Inspection / Engineering support for on-site construction projects at the United States Military Academy (USMA) in West Point New York. The initial assignment is 9 months in length with probable extension based on performance.

### RESPONSIBILITIES WILL INCLUDE:

- Inspects construction projects to confirm work performed by contractor is in compliance with contract documents
- Interprets data collected as part of standards tests to confirm materials used meet contract documents (compaction tests, concrete testing)
- Observe work in progress to ensure that procedures are followed, and materials used conform to contract documents
- Interpret plans and specifications for the government and discusses deviations from specified construction procedures to ensure compliance with regulations governing construction
- Notifies government of discrepancies found during inspections and ensures compliance
- Prepares inspection reports, indicating discrepancies and evidence of noncompliance and determining states of construction progress
- Prepare and track construction schedules and requests updates as schedule changes
- Implement change orders to project when required

### PREREQUISITES FOR EMPLOYMENT INCLUDE:

- Must be a U.S. Citizen with a valid Driver's License
- Possess a bachelor's degree in Engineering/Construction from an ABET- accredited college or relevant number of years' experience
- Work is performed mostly in field settings
- The work performed will be physical in nature requiring the employee is regularly required to stand; sit; walk; talk or hear; use hands to finger, handle, feel or operate objects, tools, or controls; and reach with hands and arms. The employee is occasionally required to climb or balance; stoop, kneel, crouch, or crawl.
