

BRIDGE DESIGN ENGINEER

M.J. Engineering and Land Surveying, P.C. has been awarded a "Best Places to Work" from the Albany Business Review four years running and has an immediate opening for a Bridge Design Engineer to join our Transportation/Structures Department located at our Corporate Headquarters in Clifton Park, NY.

BRIDGE ENGINEERING RESPONSIBILITIES WILL INCLUDE:

- Designing of steel and concrete bridges
- Development of construction plans and documents
- Developing Engineer's Estimates
- Load Analysis of ordinary and complex bridge elements
- Experience in bridge inspection
- Knowledge of NYSDOT and NYS Thruway Authority Standards

QUALIFICATIONS:

- Possess a Bachelor's degree in Civil or Structural Engineering from an ABET- accredited college with 0 to 4 years of relevant experience in civil engineering
- Registration as an Intern Engineer (I.E.) in NY is preferred
- Knowledge of the use of Bentley Microstation and Microsoft Office. Preferred experience in STAAD, MERLIN DASH and MathCAD.
- Ability to work within multiple design teams and meet demanding schedules.
- Willing to work overtime.
- Must be a U.S. Citizen or be eligible to work without an employer sponsorship

Pay is based on applicant's ability/experience and will be rated accordingly. We offer a very competitive benefit package. If you are ready to start a new career or need a change in venue, please send resume and salary request to: resume@mjels.com or 1533 Crescent Road, Clifton Park, NY 12065.
